Subject: RE: CDF Continued Discussion

Thanks, but given the importance of this topic, I would like to be there. Also, since I wasn't aware of the 2.5 mil check, I would like an update before the meeting from you and Bil as to where this has evolved from our side and what you're hearing from CDF. I think it would be better to go in as a united team on this very important topic.

I'll see if Susan can move her meeting around.

Thanks,
Cathy

Subject: RE: CDF Continued Discussion

I felt after my call with Bil today we need to site down first thing next year to get them aligned. Even with a 2.5 mil check for Q1 CDF is still tell us that they are not adequately funded to provide funding for the EYLEA roll over patients at the beginning of the year. Currently they are processing re-enrollments for next year and we have 6800 patients being re-enrolled. They have provided us more information on Gene funding and we really need to make everyone aware of the risks and what is our true commitment. Apparently Steve and Bob T agreed to fund CDF for \$10 Mil next year but thought it would be better to hid it from us.

I feel confident that we still have an issue at \$10 mil based up what CDF is stating and has shared to us. They are stating they will have to close the fund in Q1 of next year because of the lack of funding and I am confident it is not a sales pitch. SO long story yes I think we need to have this right away next year, and Bob D was opened so I figured if I have him and between me and Bil we should have it covered. I can bring you up to speed afterwards.

Thanks
Rob

Rob,

I have another meeting scheduled at this time. Was there no other time for this?

Cathy
